Dear friends,

ETTU URC is organizing a webinar to share information and “best practices” with players and coaches to work together during competitions. This webinar contains a lot of practical information and tips especially for players and coaches – but other match officials may benefit as well.

Some of the best match officials are available to share their ideas and tips. There will be short introductions to the topics and our experts will then also answer questions and discuss issues important to the participants.

This is an advanced webinar intended to discuss issues not directly covered in rules as well as general match procedures.

The experts and discussion topics are:

1. Petr Bochumsky (Advanced Referee): Call area, Referee work
2. Ingrid Bogren (Gold Badge Umpire): Para call area and para details
3. Anja Gersdorf (Gold Badge Umpire): Match conduct, broken ball
4. Mark Beckmann (Gold Badge Umpire): Misbehavior, PPS, Coaching
5. Roman Klecker (Gold Badge Umpire): Service rules and practices

You can also send questions to our experts in advance by email: urc@ettu.org

Please register to participate in the webinar by using the link below. You will then be sent a link to join the webinar couple days in advance.

Please join us in this webinar to help players, coaches and match officials to work as a team understanding each other even better.
